

# Clear View™

## TECHNICAL DATA CLEAR VIEW PLASTIC CLEANER PROTECTANT & POLISH

### PROPERTIES

- Appearance:** White Aerosol Spray  
**Odor:** Lemon scent  
**Boiling Point:** > 212°F (100°C)  
**Freezing Point:** Avoid Freezing  
**Vapor Pressure (mm Hg):** 13.2@ 77°F (25°C)  
**Vapor Density (AIR=1):** >2

GHS/CLP/EU Compliant Packaging

### TYPICAL APPLICATIONS

- Motorcycles
- Aircraft Windows (Fixed Wing & Helicopters)
- Jeep Soft Tops
- Clear, soft vinyl windows and panels
- Boat Windshields & Body Plastics
- Snowmobiles
- ATV's & 3 Wheelers
- Safe on all plastics, including LEXAN™ & other Polycarbonates & Polymers

### ENVIRONMENTAL FRIENDLY

- Contains no CFCs
- Non-conductive
- Contains no Trichloroethane

**A Product of:** Aviation Laboratories, Inc.  
**Headquarters:** Houston, TX 77092 USA  
**E-mail:** sales@avlab.com

MADE PROUDLY IN THE USA

### GENERAL INFORMATION

Bring new life to your plastics with Clear View Plastic Cleaner, Protectant & Polish. Developed to clean, protect, and polish all types of clear and colored plastics. Clear View can help hide small scratches by filling them with a fine protective coating. This coating not only makes scratches less apparent, but also improves your view. Sprays on and wipes off easily and dries perfectly, with no smudges or residue, leaving you with a Clear View.

### DIRECTIONS

Shake well. Hold container 6-12 inches from the surface to be cleaned. Spray on lightly. Spread evenly and buff with a clean, dry cloth. **DO NOT USE PAPER TOWELS ON PLASTIC SURFACES.**
